Fund Commentary

The Fund delivered a return of 2.0% in May. Armidale Investment Corporation Limited (AIK) delivered a 1.6% contribution to the result. The Fund benefited from participating in a placement of new AIK shares issued at a price of 8.5 cents per share. As at April, AIK reported NTA per share 13.92 cents per share and market price at the end of May was 11.5 cents per share.

AIK offers exposures to a number of different businesses, including leasing to small- and medium-sized enterprises (through exposure to Hal Data Services Pty Ltd), as well as a 28% equity interest in Riverwise Pty Ltd, the holding company for Leading Edge Group Limited (LEG). LEG encountered difficulties a little while ago, which led to AIK providing some financing and culminated in AIK taking an equity interest in Riverwise and AIK's management team effectively being appointed to run LEG. LEG owns a number of businesses, including buying groups for a number of retailing "verticals" (for example, jewellery and appliances, each being a "vertical"), two Telstra Business Centres, and Leading Edge NZ, which was recently appointed as Telecom NZ's Single National Dealer servicing 3,300 medium to large corporate customers across New Zealand.

We remain cautious about the global macro outlook, as market conditions remain fertile for sentiment to overshoot value (both up and down). The consequences of the significant macro factors at play globally are difficult to predict or quantify. We remain focused on opportunities that have high levels of tangible assets, marketable securities or cash and whose prospects are somewhat independent of market and economic conditions, as we believe these offer the best risk-adjusted returns in the current environment.
